Dear Hiring Committee,

I am very excited to see your job posting for a summer analyst on CITI bank website. I am a well qualified Computer Science student who would be an excellent choice for this position. I have an ability to grow with a job, handle responsibility and build positive relationships with work colleagues at all levels. I have a previous work experience at Samsung R&D, India, & my employer was very satisfied with my work rate, and I am confident that I can bring the same level of high performance to your company. Beyond that which is already mentioned in my attached resume, I am someone who knows how to set goals and achieve them, and have a proven track record of being able to conceive, develop execute strategies. I feel certain that my strong analytical and debugging skills coupled with my ability to come up with ideas will be of immediate value to your company.

I very much hope that you will look favourably upon my application by recognizing my enthusiasm, talents in the field of Computer Science and my future potential. I would dearly like to further discuss the scope of this position, with you in person, and would welcome the chance of a meeting. Thank you in advance for your time and consideration.

Yours faithfully,

Pritish Sahu
